6427-32	8lb container

TECHNICAL DATA:

Color.....	Clear
Odor.....	Fluoride
pH.....	1
Form.....	Liquid
Flash Point.....	N/A
Foam.....	Low
Biodegradable.....	100%

WHAT IS RESTORE?

Is formulated to clean old masonry construction, removing years of airborne dirt, exhaust residue, industrial pollutants, fire damage, and smoke residue. RE-STORE is suitable for use on brick, sandstone, fieldstone, stucco, and many other masonry surfaces. This product contains a special blend of inorganic acids and biodegradable surfactants.

BENEFITS:

- Leaves surfaces looking new without heavy duty scrubbing.
- Economical in use.
- Suitable for many different surfaces and applications.
- Non-fuming formula.

DIRECTIONS FOR USE:

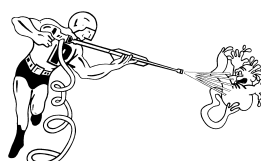

Read the entire label and Material Safety Data Sheet before using this product.

DILUTION INSTRUCTIONS:

For light duty cleaning, dilute Re-Stone with up to 10 parts water. For extra heavy duty applications, use Re-Stone straight.

Consult your local Syntec Representative for specific use and dilution instructions.
